HOW DID THE NEW BEOG PROGRAMS IMPACT ANY DECISIONS YOU MADE FOR 1973-74 AWARD YEAR PROGRAMS?

Alaska: "Probably expectation of program was one factor in such a small increase in the student scholarship loan program."... California: "We will reduce our awards when they in combination with BEOG exceed estimated need."... Connecticut: "No impact"... Florida: "State awards will be adjusted in cases of over-award."... Illinois: "Adjusted expectation from 4-figure income families to more nearly match Basic Grant entitlement for 74-75 awards."... Indiana: "No effect"... Iowa: "No impact"... Kansas (Scholarship Program): "None"... Kansas (Tuition Grant Program): "Not at all"... Maine: Question not answered... Maryland: "None"... Massachusetts: "No significant impact on decisions for 1973-74"... Michigan: "None. We are disregarding BEOG program for 1973-74."... Minnesota: "We have found no significant impact."... Missouri: "No impact at this time"... New Jersey: "No impact. Whatever adjustments there may be will be left to the college financial aid officer."... New York: "No effect"... North Dakota: "Had no impact"... Ohio: "None"... Oregon: "No. It would have influenced 1973-74 awards if it had been at a higher amount per BEOG."... Pennsylvania: "Maximum award limitation for BEOG eligibles with PHEAA adjusted family income of less than $8,000 reduced from 50% of calculated financial need to 33 1/3%. Maximum award for all recipients may not exceed tuition and fees or $1,200 at Pennsylvania and $800 at out-of-state institutions."... Rhode Island: "BEOG programs did not affect decisions in 1973-74 award year programs." South Carolina: "The BEOG was considered as any other form of financial assistance, but its impact was very small."... Tennessee: "Not appreciably. Late notification of Basic Grants/small BEOG award rendered inconsequential."... Texas: "The lateness of their awards has caused havoc in financial aid packages and offices."... Vermont: "None for 1973-74; however, 1974-75 BEOG will be counted as a resource if the program is funded and award schedules are known."... Washington: "No impact"... West Virginia: "No effect on 1973-74 awards, as scholarships were granted prior to BEOG funding decision."... Wisconsin: "Confused budgetary discussions in progress with State Legislature original inflated estimates of level of support responsible for loss of state funds appropriated for new comprehensive grant program."

Miscellaneous Survey Findings For
1973-74 Comprehensive State Financial Aid Programs

Following are the exact numbering and wording of questions in the "Individual Comprehensive Program Summary Data" questionnaire. Please refer to this page if column titles in the table are too abbreviated.

1. Must a student be a U. S. citizen? How long must he be a resident of the state?
2. Is a permanent resident with an alien registration number eligible?
3. Is a part-time student eligible?
4. Is a student enrolled in an out-of-state institution eligible?
5. Is eligibility in this program limited to undergraduates?
6. Is some measure of academic ability or potential required to qualify for a need based award?
7. Are honorary (no need) awards conferred? If you checked "Yes", may an honorary award recipient apply for a monetary award if the family financial situation worsens?
8. Are awards in this program limited to tuition and fees? If you checked "No", please list other costs covered.
9. Are for-profit schools eligible to participate in this program?
10. Are two-year college graduates eligible to apply for consideration?
11. Are the awards usable at both public and non-public institutions? If you checked "No", please indicate whether at public only or private only.
12. Are awards made at fixed level increments below the maximum award amount? If you checked "Yes", please indicate the fixed level increments. What is the maximum award amount?
13. Do you have a limitation (either statute or regulation) by age or number of years beyond secondary school for first-time award consideration?
14. Are students who did not apply for freshman year consideration eligible to apply in upperclass years?
15. Are students who were rejected (other than honorary awardees) eligible to apply in upperclass years?
16. Assuming financial need is demonstrable, does a student recipient who gets married while in college continue to be eligible? If you checked "Yes", must the student's spouse be a bona fide state resident?
17. Does a recipient enrolled in a junior year abroad program receive his award during the year he is abroad?
18. Are recipients who are dismissed from college for academic or disciplinary reasons eligible for award consideration if reinstated by their college?
19. Are recipients who voluntarily withdraw from college in good academic standing eligible for award consideration if reinstated by their college?

(Self supporting student definitions are described, by program, on pages following the table.)

What need analysis system is used for this program? Answers on the table are coded thus: ACT, CSS, Yos (Your own system), and Oth (Other).

What was the first academic year for which awards in this program were made?

In 1972-73 what was the amount of self-help expected for winners in this program, if any?

What was the winners' mean parental income in this program for 1972-73? (Note: if your state has more than one comprehensive program and you do not have this figure by program, please indicate the figure for all programs, with a notation as to whether or not this includes all programs of your agency (including categorical) or only the total for all comprehensive programs.)

SELF-SUPPORTING STUDENT DEFINITIONS

(States with Comprehensive Programs, 1973-74*)

*States not reporting: Alaska, Indiana, Kansas (Scholarship Program), Missouri, Oregon

CALIFORNIA 12-month California residence other than full-time college students 12 months prior to start of award year and one of the following: 23 years old by 9/1/73 and**; honorable discharge from armed services with minimum 1 year service and **; ward of the court; orphan and not **; residence not with either parent since junior year of high school and not tax dependent for 12 months by parents; part of extremely adverse home situation documented by school or responsible community personnel where student has received no support from family for preceding 12 months; "generally unacceptable family situation" (e.g., frequent mergings and separations of family due to frequent remarriage); family on state public assistance program. **not claimed as tax exemption other than by self or spouse.

CONNECTICUT State Scholarship and College Continuation Grant Programs: a student financially independent of his parents or legal guardians. Restricted Educational Achievement Grants: must come from a poverty background and due to circumstances forced to be self supporting.

FLORIDA Student Assistance Grants: not claimed as dependent for income tax not living with parents not receiving more than $600 from parents.

ILLINOIS In Illinois 6 months other than as full-time student and has not lived with or been claimed on federal income tax forms by parents for calendar year prior to applying, the year applying, and the year of the award.

IOWA Not claimed by parents or guardian as income tax exemption for prior to year in which award is to be used and will not be so claimed for award year; has not lived in parents' home for 12 months prior to application (unless reasonable room and board are paid) and has not received any financial aid from his parents for this period.

KANSAS Tuition Grant Program: identical to the one used with federal programs.

MAINE A student either married or 18 who has not been dependent on his parents for last income reporting year.

MARYLAND A student who files a SCS instead of a PCS.

MASSACHUSETTS Single self-supporting students under 25 years of age must not be claimed as tax exemption by their parents for the previous 2 consecutive years.

MICHIGAN Not claimed by parents as an exemption on previous year's Federal Income Tax return; maintained separate residence apart from parents for previous 12 months; not received more than $500 in support from parents during previous 12 months.

MINNESOTA Follows federal guidelines.

NEW JERSEY Educational Opportunity Fund: has not resided with parent/guardian and has not nor will be claimed as an exemption (excluding spouse), and has not nor will receive financial assistance of more than $200 per year (food, clothing, shelter) in the calendar year in which aid is received or the calendar year prior. All other New Jersey programs: age 23 or older, not claimed as a dependent on the previous year's tax return, not lived at home and parents do not contribute to educational expenses. (This means that he must show how he supported himself during past year.) This self-supporting definition currently being reviewed.

NEW YORK Must have had interruption in education of at least 1 year prior to term for which seeks award during which time has has not lived with or received support from parents.

NORTH DAKOTA Must not have been claimed by parents last tax year. Must not have received more than $200 from parents in cash or kind in last 12 months.

OHIO 12-month financial independent status in terms of financial support, federal income tax purposes, and residency.

PENNSYLVANIA Veterans of U. S. Armed Forces. Married students out of high school 6 years or more. Non-veterans not out of high school 6 years or not married are considered on individual circumstances within policy guidelines.

RHODE ISLAND One who is not declared as a tax dependent by his parents.

SOUTH CAROLINA Not claimed on parents' income tax form(s) as dependent. Did not receive more than $600 support last year from parents. Did not live with parent/guardian last year.

TENNESSEE USOE guidelines.

TEXAS Same as for Federal Insured Loan Program.

VERMONT Has not been claimed or will not be claimed as an exemption for Federal Income Tax purposes by either parent or any other person (except spouse) for either the calendar year in which aid is received or the 2 prior calendar years; has not received or will not receive financial assistance of more than $200 including room and board of any kind from one or both parents or from persons acting in loco parentis in either the calendar year in which aid is received or the 2 prior calendar years. A student is considered to have received more than $200 in assistance if he or she has resided with his or her parents for a period of 1 month or longer. A student whose parents or others acting in loco parentis have died within the period discussed above is eligible for consideration as a self-supporting student even if the tests are not met. Two specified kinds of documentation for self-supporting student status are required.

WASHINGTON Not claimed by parents as dependent on last filed income tax form and not resided with parents for 1 calendar year and not received more than $200 in cash or kind from parents for 1 calendar year preceding receipt of Need Grant.

WEST VIRGINIA Has not been or will not be claimed as exemption by parents or guardians. Has not received or will not receive financial assistance of more than $600 from parents or guardians; has not or will not maintain residence with parents except during vacation periods.

WISCONSIN Tuition Grant Program: If student and/or spouse provided majority of own support in preceding calendar year. Other Wisconsin programs: not claimed by parents as tax exemption in previous calendar year.

SIGNIFICANT CHANGES IN PROGRAM/OPERATIONS
IN OFFICES/AGENCIES ADMINISTERING COMPREHENSIVE PROGRAMS

ALASKA

Tuition Grant Program increased funding from $812,000 to $1,000,000.

CALIFORNIA

Initiation of new program, Occupational Training Grants. State Scholarship Program increased number of new awards from 3% to 3.5% of high school graduates, or from approximately 9,500 to 11,200. Maximum award for this program increased from $2,000 to $2,200.

CONNECTICUT

Increase of approximately 16.8% in total dollars available for student financial assistance programs (including work-study).

FLORIDA

Student Assistance Grants increased from $360,000 in 1972-73 to $3,600,000 in 1973-74.

ILLINOIS

Maximum award raised from $1,200 to $1,300. Use of agency auditor to visit colleges and help schools verify accuracy of data submitted. Use of awards for summer or interim terms (less than 10 hours' credit) causes one-half use of regular entitlement. Concurrent registration policies developed. Improved procedures developed to "police" the receipt of other gift aid exceeding our calculated unmet cost. Baccalaureate assistance (grants and loans) for registered nurses authorized but not funded.

INDIANA

New Freedom of Choice Grants Program added, beginning 1973-74. This is a supplemental program providing additional funds to students receiving monetary awards in the State Scholarship and Educational Grant Programs who plan to attend eligible independent institutions of higher education. If there is sufficient financial need, a student can receive full tuition assistance through a combination of two of these three programs. Every recipient of the maximum $1,400 in the State Scholarship and Educational Grant Programs is automatically considered for additional funds through the Freedom of Choice Program and without an additional application.

IOWA

A 50% increase in appropriation for Iowa Tuition Grant Program.

KANSAS

An increase of 150% in the appropriation for the Tuition Grant Program.

MAINE

Maximum award dropped from $800 to $750. Effective family income limit raised from $10,000 to $13,000. Eligible students last year were new students; now, two classes; will go to three next year; then all students.

MASSACHUSETTS

Public sector General Scholarship stipends increased from $250 to $300 to keep pace with tuition. Private sector medical and dental stipends increased from $700 to $800. Initial recipients of the Christian A. Herter Memorial Scholarships enter college in September, 1973. These individuals are selected in their 10th and 11th grade years as an early identification talent search program and are guaranteed substantial scholarships upon enrollment in higher education. Stipends equal 50% of the total budget. Twenty such students enter college this year with stipends ranging from $900 to $2,800.

MICHIGAN

Utilization of ACT test for eligibility determination. Maximum stipends in Scholarship and Tuition Grant Programs increased from $800 to $1,200 per year.

MISSOURI

First year of program.

NEW YORK

New annual Regents Nursing Scholarships increased from $600 to $800.

OHIO

Maximum award from $1,200 to $1,320 for students attending private institutions and from $510 to $570 for those attending public institutions. Maximum income level raised from $10,999 to $13,999.

PENNSYLVANIA

All veterans of U. S. Armed Services considered, without regard to parents' or spouses' financial data or GI Bill education benefits. Reduced parental contribution expectations for $12,000 to $15,000 family incomes. Increased allowance parameters when two or more children are enrolled.

SOUTH CAROLINA

State Constitution amended to allow for indirect state aid to go to church related colleges. This allowed 16 additional colleges to participate in the Tuition Grant Program. Because 20 colleges participate this year, appropriation was increased to $4,000,000.

TENNESSEE

An 80% increase in grant funds for second academic level.

TEXAS

Junior class added as award recipients. Award amount increased from $3,000,000 to $5,000,000.

VERMONT

Initiated a Vermont Basic Incentive Grant for middle income families, with an award of $200. Expanded approved schools to include vocational/technical and proprietary schools in and outside U.S.

WASHINGTON

Went from total budgetary cost (tuition and fees, room and board, books and supplies, transportation, personal and miscellaneous) to maintenance budget (omits tuition and fees) for determining grant amount. Maintenance budget cost minus total family contribution equals need; need divided by 3 equals state Need Grant.

Wisconsin

New comprehensive grant program: Wisconsin Higher Education Grants, for public institutions only; appropriation for 1973-74: $4,559,600.
